DEEP QUEST 2 EXPEDITIONS: CUBA

by: Calvin White

Moray Eel

Christmas tree anemones

Canon of the Cristobal Colon

The Canadian led expedition team, Deep Quest 2 Expeditions, shared with us some great photos from their recent project that they began filming in Cuba. While in Cuba they managed to capture some great images of marine life and shipwrecks. The team was led by founder of Deep Quest 2 Expeditions, Kenn Feigelman. For more information on Deep Quest 2 Expeditions please visit their website at www.deepquest2expeditions.com.
